Subject: Operational informations - Academic paper

Dear Sirs,

I'm writing a paper about Container Terminals Benchmarking using DEA techniques.

In order to complete my goals, I will need some information about XXXXXXXX in XXXXXXXXXXXX. Most of the data used in the study is available in your website, but a few items weren't there.

So I kindly ask your reply with the following information, regarding the year of 2009:

1. Total number of portainers (quay cranes);
2. Total number of employees;
3. Terminal Area;
4. Number of trailers;
5. Total number of yard equipments (transtainers, RTG, Stradle Carriers, Reach Stackers);
6. Quay length;
7. TEU's;
8. Container movements per ship per hour;

Thanks for your attention, I look forward to hearing from you,
